### Explanatory notes

#### 1 Definitions

A *process* is a number of related techniques or a planned sequence, or a systematic series of actions.

A *technique* is a single activity such as marking a hem, threading a needle, marking fabric.

*Wearable finish* is the condition of a completed garment. Specific requirements may be set by the assessor or can be negotiated between the assessor and the candidate. These may include but are not limited to – choice of processes to meet requirements of end use; processes completed to appropriate standards which may relate to purpose or use of garment, fabric selected, ease or difficulty of pattern and/or style of garment; fit; pressing and appearance.

*Leisure garments* may include but are not limited to – jeans, unlined jackets, shirts, blouses, wind breaker.

#### 2 Learning and assessment activities carried out in relation to this unit standard must be conducted in a manner that is consistent with the Health and Safety in Employment Act 1992.

---

### Outcomes and evidence requirements

#### Outcome 1

Select pattern and fabric, and plan, for construction of a leisure garment.

#### Evidence requirements

1.1 Pattern size and style meet the requirements of fit and end use.

1.2 Fabric and notions meet the requirements of pattern and end use.

- 1.3 Pattern information is used to develop a logical order of work and projected completion date.

## Outcome 2

Construct the leisure garment.

Range at least four processes.

### Evidence requirements

- 2.1 The order of work is followed with any changes justified.
- 2.2 The leisure garment is constructed to a wearable finish, and meets the requirements of end use.
- 2.3 The completion date is met with any alterations justified.
- 2.4 The evaluation identifies any improvements that could be made in further leisure garment construction, or justifies not making any changes where improvements are not required.

<b>Planned review date</b>	31 December 2014

### Status information and last date for assessment for superseded versions

Process	Version	Date	Last Date for Assessment
Registration	1	26 March 1996	31 December 2013
Review	2	19 October 1999	31 December 2013
Review	3	28 November 2002	31 December 2013
Review	4	16 August 2012	N/A

<b>Consent and Moderation Requirements (CMR) reference</b>	0134
--	------

This CMR can be accessed at <http://www.nzqa.govt.nz/framework/search/index.do>.

### Please note

Providers must be granted consent to assess against standards (accredited) by NZQA, before they can report credits from assessment against unit standards or deliver courses of study leading to that assessment.

Industry Training Organisations must be granted consent to assess against standards by NZQA before they can register credits from assessment against unit standards.

Providers and Industry Training Organisations, which have been granted consent and which are assessing against unit standards must engage with the moderation system that applies to those standards.

Requirements for consent to assess and an outline of the moderation system that applies to this standard are outlined in the Consent and Moderation Requirements (CMR). The CMR also includes useful information about special requirements for organisations wishing to develop education and training programmes, such as minimum qualifications for tutors and assessors, and special resource requirements.
